

# MAKE GREATER PRODUCTIVITY POSSIBLE WITH THE RIGHT LAPTOP

the HP EliteBook 840 G1 powered by an Intel® Core™ i5 processor

We compared the performance of two HP EliteBooks. Both succeeded in all tasks, but the EliteBook powered by Intel did better than the AMD-based laptop across the board. Check out the results.

**Which would better support your enterprise?**

HP EliteBook 745 G2 with an AMD A10 Pro-7350B processor

HP EliteBook 840 G1 with an Intel Core i5-4300U processor
